BAS-6.0 **Walking and Working Surfaces**

Series/Catalog: General Industry Series

Linear Duration/min: 00:21:00 Origin Date: 01/08
Interactivity: Level II Last Update: 09/08
Supervising SME: Laura Belden

Course Description: Slips, trips and falls are a major source of injury in U.S. workplaces. Upon completion of this learning event, employees will demonstrate knowledge of slip, trip and fall hazards and what they can do to minimize or eliminate those hazards. Employees will learn to identify general OSHA safety requirements, guarding for floor and wall openings, issues with stairways, ladder, scaffolds, loading docks and how personal behavior affects safety. This course is intended to assist the employer in meeting the requirements of OSHA Standards in 29 CFR 1910 Subpart D. The employer may also be interested in the Job Safety Analysis and Fall Protection courses.

Relevant Standards: 29 CFR 1910 Subpart D

Complexity/Difficulty: Level I (very easy)

Target Audience: This course is intended for general-industry employees who, during their regular work duties, may be exposed to hazards that could cause slips, trips or falls.

Prerequisites: None

Competencies

Competency Statement
To successfully complete this course, the Learner will demonstrate the ability to:
