

BAS-3.0 [Flammable and Combustible Liquids](#)

Series/Catalog: Basic Awareness Series

Linear Duration/min: 00:17:00 Origin Date: 01/08
Interactivity: Level II Last Update: 09/08
Supervising SME: Trey Greene

Course Description: Upon completion of this learning event, the learner will demonstrate knowledge of different flammable and combustible liquid hazards and how to minimize or eliminate those hazards. Employees will learn how to identify flammable and combustible liquid hazards with Material Safety Data Sheets and labeling, and how to select hazard prevention measures. This course is intended to assist the employer in meeting OSHA Standard 29 CFR 1910.106. Workplace specific information will need to be provided by the employer. The employer may also be interest in these following courses; [Hazard Communication](#), [Material Safety Data Sheets](#), [Basic Chemical Safety Awareness](#), [Fire Safety for Employees](#) and Portable Fire Extinguishers.

Relevant Standards: OSHA 29 CFR 1910.106

Complexity/Difficulty: Level I (very easy)

Target Audience: This course is intended for general-industry employees who, during the course of their regular job duties, may use or come in contact with flammable and combustible liquids.

Prerequisites: None

Competencies

Competency Statement

To successfully complete this course, the Learner will demonstrate the ability to:
