

BAS-2.0 **Basic Fire Safety**

Series/Catalog: Basic Awareness Series

Linear Duration/min: 00:20:00 Origin Date: 01/08
Interactivity: Level II Last Update: 09/08
Supervising SME: Laura Belden

Course Description: Unfortunately, fires are all too common in the workplace. Upon completion of this learning event, the learner will demonstrate knowledge of how to respond to a fire emergency in order to stay safe. Employees will learn their responsibilities in a fire emergency, how to identify different alarm signals, evacuation routes and procedures, and fire extinguisher use. This course is provided to assist the employer in meeting the requirements of OSHA Standard 29 CFR 1910.33 – 39. In addition to this course, the employer may also be interested in Portable Fire Extinguishers course, and the [Emergency Response course](#).

Relevant Standards: OSHA 29 CFR 1910.33 - 39

Complexity/Difficulty: Level I (very easy)

Target Audience:

Prerequisites: None

Competencies
